

## Ski Canada Test – Secure Storage Contacts

Secure Storage for the week will be in the red Sea Container located at the Resort Centre (map is included on backside of this sheet).

### Access Contacts:

#### **8am – 5pm:** Resort Centre Office

- Head to the office doors right beside the Sea Can. The ladies will let you in.

#### **5pm – 7pm:** Mountain Pantry

- Head to the other side of the Resort Centre Office and into the Mountain Pantry Store. They will have the key to ensure access to the Sea Can.

#### **7pm – 7am:** Resort Night Security

- Resort Night Security can come and let you into the Sea Can during these hours.
- They are out doing their rounds at night so please call them at least 20 minutes in advance of when you would like access (to allow them time to get to the Sea Can).
- They can be reached at **250-423-9086**
- Please note there is one area that they will have limited cell reception for a brief period of time on their rounds. If they do not pick up please try again in about 15 minutes. They are usually very good answering their phones when they are not in that area or dealing with a security concern.

#### **7am – 8am:** **NO ACCESS AVAILABLE**

- Please ensure you have all the skis you need for the day before 7am each morning. There is no one in either location or available via phone for that 1 hour time period.

**\*\*PLEASE ENSURE SEA CONTAINER IS LOCKED BEHIND YOU\*\***
